

34, Moorwood Close
 Telford TF11 2JG
 WF8 4JG

Dwelling type: Semi-detached house
 Date of assessment: 22 August 2011
 Date of certificate: 24 August 2011
 Reference number: 603-4238-276-0795-100
 Type of assessment: RMAP, existing dwelling
 Total floor area: 61m²

The home's performance is rated in terms of the energy use per square metre of floor area, energy efficiency based on fuel costs and environmental impact based on carbon dioxide (CO₂) emissions.

Energy Efficiency Rating

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating, the more energy efficient the home is and the lower the fuel bills are likely to be.

Environmental Impact (CO₂) Rating

The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO₂) emissions. The higher the rating, the less impact it has on the environment.

Estimated energy use, carbon dioxide (CO₂) emissions and fuel costs of this home

	Current	Potential
Energy use	208 kWh/m ² per year	202 kWh/m ² per year
Carbon dioxide emissions	2.7 tonnes per year	2.3 tonnes per year
Lighting	108 per year	108 per year
Heating	646 per year	639 per year
Hot water	210 per year	197 per year

You could save up to £73 per year

The figures in the table above have been provided to enable prospective buyers and tenants to compare the fuel costs and carbon emissions of one home with another. To enable this comparison the figures have been calculated using standardised testing conditions (heating periods, room temperatures, etc.) that are the same for all homes, consequently they are unlikely to match an occupier's actual fuel bills and carbon emissions in practice. The figures do not include the impacts of the fuels used for cooking or running appliances, such as TVs, fridges etc., nor do they reflect the costs associated with service, maintenance or safety inspections. Please check the certificate date because fuel prices can change over time and energy saving recommendations will evolve.

Remember to look for the Energy Saving Trust Recommended logo when buying energy efficient products. It's a quick and easy way to identify the most energy efficient products on the market.

This EPC and recommendations report may be given to the Energy Saving Trust to provide you with information on improving your dwelling's energy performance.
